From the Engineer-in Chief (R&B) State Roads, Hyderabad,
Letter No.conversions/ENC®/DEE.4/AEE.3/2011 Dated:

ORDER:

In the references read above, the Engineer-in-Chief(R&B)State Roads, has stated that Chittoor bypass road connecting at @ Km.4/6 of Chittoor – Kadapa – Kurnool road (NH-18) and @ Km.158/4 of Chennai - Chittoor – Bangalore road (NH-4) is an important Major District Road in Chittoor District. This is a double lane B.T. road of length 10.351 Kms. This is a bypass road to Chittoor Town and starts at Km. 4/6 of NH-18 and joins at Km.158/4 of NH-4. Chittoor Town is District Head Quarters and very nearer to Tamilnadu and Karnataka State Capitals i.e., Chennai (Tamilnadu) and Bangalore (Karnataka). Traffic coming from Chennai, Bangalore and Vellore towards Tirupati and Kanipakam (which are world famous pilgrimage centers) have to travel via Chittoor. As such the traffic intensity on this road is very high. To prevent traffic congestion in Chittoor Town, a Bypass road was formed connecting two National Highways i.e. N.H.-18(Chittoor – Kurnool road) and N.H.-4 (Chennai – Bangalore road). As this road connects two National Highways and serving as bypass road to Chittoor Town, the traffic intensity is equal to the traffic intensity of National Highways i.e. 2107 CVPD and 8851 PCUs. In view of the importance of the road and heavy traffic, the ENC(R&B)roads has , therefore, requested to upgrade the Chittoor By-pass road connecting Chittoor-Kadapa-Kurnool road (NH-18) and Chennai-Chittoor-Bangalore road (NH-4) to State Highway .

2 Government after careful examination of the matter, hereby accept the proposal of Engineer-in-Chief(R&B)State Roads to upgrade the Chittoor By-pass road connecting Chittoor-Kadapa-Kurnool road (NH-18) and Chennai-Chittoor-Bangalore road (NH-4) to State Highway

3. The Engineer-in-Chief(R&B)State Roads, shall take further action accordingly.
